FUNDING LANDSCAPE BELGIUM

KDT-Joint Undertaking
- VLAIO industrial R&D funding (II)
- Flanders Strategic Research funding
- Brussels INNOVIRIS industrial and RTO funding
- Wallonia SPW industrial RTO & academic funding

EUREKA Cluster & Eureka
- VLAIO industrial R&D funding (II)
- Brussels INNOVIRIS industrial and RTO funding
Any Eureka cluster or Eureka application

• Treated as a NFA local application

• Enhanced funding percentage if international collaboration is established

• Timeline (recommended; not for ITEA or specific programme):
  • PO international application
  • Informal contact with the NFA (National Funding Authority)
  • PO guidance and Eureka cluster review
  • FPP international application
  • NFA application (for VLAIO via PORTAL) of regional consortium, preferably four months prior to start of the project.
Main hurdles in Flanders applications

• PROJECT OBJECTIVES:
  • Objectives, not activities
  • Overall (strategic) objective positioned in the overall participant business
  • Measurable dedicated objectives versus own and (if applicable) common state of the art

• RISK AND STEPS FORWARD

• IMPACT:
  • Business case
  • Relation to future employment in Flanders
  • Leverage employment and investment impact (f 10/15/25)
